

Many people trust to luck to pull them through, and are often disappointed. Do not dilly-dally in matters of health. With it you can accomplish miracles. Without it you are "no good."

Keep the liver, kidneys, and blood healthy by the use of Hood's Sarsaparilla. The famous blood purifier. It has been used for years in my family and I can testify to its value. It has cured many cases of skin diseases, and is a sure remedy for all blood troubles.

CAUSED A CRISIS IN CHINA.

Spectator Accords That Honor to Russia and the United States.

Germany and Great Britain May Not Shoulder the Russian Revolution.

London, Dec. 1.—(3.30 a.m.)—The Spectator, in a striking article dealing with the Chinese crisis, expresses the opinion that the most recent developments at Peking have brought the test of force to the aid of the "test of force" says.

The result is mainly due to the attitude of Russia and the United States. If China accepts the payment of a small indemnity and many promises on paper—seems not unlikely, since Germany and Great Britain may not be willing to bear the expenditure and risk involved in persisting in their demands—it will be equivalent to a victory for China, for nothing has occurred which will convince the Chinese that their mighty Emperor has been defeated, or that Europe can enforce any measure of its will.

The Shanghai correspondent of the Morning Post writes: "Despite the cordial reception given to the Russian ultimatum, the situation is not unclouded. The Japanese government refuses to stop sending supplies to the coast and to the interior. It will also refuse to limit its arms, although he undertakes to do so in some cases, says the correspondent, sending supplies so long as the Emperor requires them."

In fact, all our remonstrances amount to a miserable farce. We have no courage to do more than talk. In the Chinese theatre here the news is received with a soldier with an enormous mouth, who does nothing but talk until his career is ended by decapitation."

RUSSIA IS PLAYING A GAME.

The supposed Chinese ultimatum of the Powers is a farce.

London, Dec. 1.—(3.30 a.m.)—Mortimer, writing to the Times from Peking says: "The Russian ultimatum, which has been previously considered to all intents and purposes a farce, is now being received with a soldier with an enormous mouth, who does nothing but talk until his career is ended by decapitation."

Mal-Nutrition

You may or may not be eating enough; and are thin. You may or may not feel well—some folks don't know what it is to feel well.

This is mal-nutrition. You are not getting the use of your food.

IS NOT WANTED IN GERMANY

Kruger Gets the Cold Shoulder and Will Not Go to Berlin.

The Emperor Cannot Receive the Disgraced Boer Owing to Previous Engagements, and Mr. Kruger Will Hasten Thence to the Cape.

Berlin, Dec. 3.—Mr. Kruger has abandoned his proposed visit to Berlin, owing to the refusal of the official intimation that Emperor William regrets that, in consequence of previous engagements, he will be unable to receive him. The Boer statesman will, therefore, proceed direct from Cologne to Holland.

The Cologne Gazette, in an informed comment, says: "Mr. Kruger's visit is not agreeable to Germany, his aim being to stir up the national feeling in the Empire. It would be a grave political mistake; it would be even a great crime to allow him to enter even to spark of hope that Germany will render him any practical support."

This declaration is accompanied with reproaches. Mr. Kruger being charged with "having been a traitor to his country, and having disgraced Germany's name."

The Emperor's intimation was conveyed to Mr. Kruger by the German envoy at Cologne, who arrived at Cologne to-day.

KRUGER HAS LEFT PARIS.

Om Paul Was Reported to the Station by Paris Correspondent.

Paris, Dec. 3.—Mr. Kruger left the Hotel de Ville at 1.10 p. m. on Saturday in a closed carriage, surrounded by a squadron of mounted Municipal Guards. The Boer statesman was accompanied by his secretary, Mr. J. H. van der Merwe, who was seen swinging his hat from the carriage window in reply. The Boer committee, which accompanied Mr. Kruger to the station, will go as far as the French border.

The special train with Mr. Kruger on board started for Cologne at 1.40 p. m.

Mr. Kruger's journey through Northern France was attended by a similar to those witnessed at Brussels and Paris. At neither place did any of the Boer statesman's entourage pass through the gates of the station, and he was not accompanied by any of his staff.

At Charleroi, the first stop on Belgian territory, rigorous police measures were taken to prevent the invasion of the station, but the police were stronger than the police, and the train passed for five minutes.

Mr. Kruger greeted the mass from the train at Charleroi 20 minutes late.

At Namur a similar scene was enacted. The train was then 45 minutes late.

The enthusiasm in the Belgian towns through which Mr. Kruger passed, was not shown in the towns of France.

At Liege, as the train was starting, a crowd of students gathered in front of the station, but the police, who were stronger than the police, and the train passed for five minutes.

Mr. Kruger was much fatigued by his journey, and handgrips were frequently applied to his head.

ARRIVAL ON GERMAN SOIL.

Considerable Crowd at Cologne, But There Was No Official Welcome.

Cologne, Dec. 3.—Mr. Kruger arrived here at 11.30 a. m. on Saturday. A considerable crowd had assembled, and caused a dangerous crush. No official reception was arranged, and Mr. Kruger drove to the Cathedral Hotel, the crowd cheering as he left the station and as he drove along the route.

Thousands of people waited on Saturday in the vicinity of the Cathedral Hotel, but Mr. Kruger, who, when returning to the deputation of Bonn students on Saturday, had been invited to visit the city, will not visit the city.

PUBLIC SCHOOL EXAMINATION.

On Friday afternoon, 3rd ult., a

most successful Public School exam-

ination was held in Foxboro.

The school room was liberally packed

with parents and others from Foxboro

and vicinity. In addition to these, the

superintendent, Mr. H. H. Hicks, and

the city teachers were present.

Mr. Ashley, teacher of the Junior High

School, examined the classes in the

various subjects taught by her, and

the answers of the little boys and

girls showed what an enthusiastic

teacher like Miss Ashley can do with

little children. Mr. Mott, Head Master,

then followed with an examination of

the pupils of the Senior Department.

His classes, by their careful and

thoughtful answers fully justified

Mr. Mott's reputation as a wide-awake

teacher. When all was well done

it was in luck to participate. Probably

the classes that attracted most at-

tention were Miss Ashley's class in

Phonics, and Mr. Mott's Fifth class

Algebra and Geometry.

The exercises were culminated with

several prize kindergarten songs

under direction of Mrs. Ashley.

The exercises were most successful,

which position was filled in the usual

happy manner. At Mr. Johnson's in-

vitation, Mr. Ashley, who had been

present, presented the prize to the

winner of the prize. The prize was

a book, and the winner was a little

boy named William. The prize was

presented to him by Mr. Ashley.

DO IT YOURSELF

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time. In the case of a child, the danger is even greater. In the case of a child, the danger is even greater. In the case of a child, the danger is even greater.

Dr. Thomas' Electric Oil

A Contented WOMAN

It's not contented simply because she uses **SURPRISE Soap**, but the use of this soap contributes largely to her contentment. In proportion to its cost, it's the largest factor in household happiness.

It is pure, lasting and effective; it removes the dirt quickly and thoroughly without boiling or hard rubbing.

SENT UP FOR TRIAL

Gordon Sharp Did Not Want to be
Tried by the Magistrate—Another
Arrest.

On Wednesday evening the 15th of
November Gordon Sharp was arrested
on charges of burglarizing Mr.
R. P. Hamilton's residence and im-
pounding his property.

Hamilton's house and stealing a
fur coat, and of feloniously entering
the warehouse of the same gentleman
and stealing some buffalo robes, horse
blankets and other articles. To these
charges Sharp, through his solicitor,
Mr. Wm. O'Brien, pleaded not guilty,
and would not be tried by the
Magistrate.

Evidence deemed sufficient to prove
a prima facie case was taken, and the
accused was committed for trial at the
next court of competent jurisdiction.

Mr. P. J. Anderson, County At-
torney appeared for the Crown.
A young man named James Cradock
was also placed under arrest in con-
nection with this matter, charged
with being an accomplice of Sharp.
He was remanded until Wednesday
next for trial.

SATURDAY NIGHT

Boulevard Function in Bridge St.
Methodist Church Last Night.

The Senior Department of the Sunday
School Entertained a Great Crowd
Present.

It was an annual, semi-annual event
for the officers and teachers of Bridge
St. Sunday School to entertain the
Senior and Junior departments of the
school, but last night the tables were
turned and it was the Senior Depart-
ment of four hundred members, that
invited not only the officers, and
teachers of the school to spend a happy
evening with them, but, as there is
nothing small about them, they in-
cluded in their invitation all persons
composing the congregation, friends
who were not members of the school,
and our South African heroes.

It is no wonder then that there was
"standing room only" after the
evening hour. Enjoyment? Well, ask
anyone who was there. Well, ask
anyone who was there. Well, ask
anyone who was there.

The event of the evening was the
evangelical given by our South African
heroes. It was quite a unique and
unusual one. They were welcomed by
the school, but they were not the
usual ones. They were not the usual
ones. They were not the usual ones.

Daily Intelligence.

Accident— Too Much Pi!

An apology is due to our readers for the appearance of "The Intelligence" last night. When the forms were being lowered from the Compting to the Press Room, some of the tackle gave way, and down came the forms with such rapidity, that in printed phraseology, there was more "Pi" in the establishment than could be digested, in sufficient time to issue our usual evening edition.

After most of the night having been spent in repairing the damage, we appear again, and present our readers with a copy of the form in the form of a supplement, containing all the latest news up to the time of going to press, with the hope, that even in these festive times the boys in the establishment may not again, be so beautifully equipped with what under other circumstances would be reliable "Pi," but with what is a "G."

SIR WILFRED FOR AUSTRALIA.

The Globe through its Ottawa correspondent says that Sir Wilfred Laurier is to go to Australia to assist in the inauguration of the New Australian Commonwealth, and that he is to be accompanied by a military escort, which it is to be a regular force of mounted cavalry or infantry, is not mentioned. Not had for a "democratic" to the bill.

It is also said that he is to return to Canada with the Governor-General to welcome His Royal Highness to Canada.

The correspondent adds: "It is an open secret that the Imperial Government would be greatly disappointed if the Canadian Premier, who has been styled the greatest Imperialist of the day, were unable to go to Australia, and it is hinted that royalty itself has united with the home Government in urging Sir Wilfred to go to Australia."

"Royalty itself" is manifesting great interest in Canada's Premier; it is said by Sir Wilfred himself, insisted upon accepting knighthood, though he had denominated what he termed "the job." Now, of course he must go, and will perform his part creditably for so man can deliver a more pleasing oration.

To talk of Sir Wilfred as the great Imperialist of the day is to say the least of it, laudable; why the man has boasted both in Parliament and in the United States, that his day-dream is for Canadian independence.

THE EFFECTS OF DELAY.

The daily-dallying that took place immediately after the Laurier Government took office in relation to the laying of a cable between Canada and Australia has resulted in an additional cost to Canada of just \$100,000. The contract just let is \$475,000 more than it would have cost had not the Laurier Government thrown down the scheme in 1897. Now Canada is to be taxed an additional \$100,000, and the cable is a growing time, though we see by it.

PLAIN SPEAKING.

What's the matter with "United Canada," a Roman Catholic journal published in Ottawa? The journal has been an ardent supporter of the Ontario Government in the past, and it is now in the following style. On the 31st inst. it said: "That mighty aggregation of politicians, known as the Cabinet at Toronto, are doing some very bad thinking just now. They would like to dismember and go to the contrary after Quebec and Prince Edward Island, but as Sir Oliver has said to every one, they are 'terribly confused' in the question. No government ever existed under more humiliating conditions than that at Toronto. Premier Ross knows just as well as the editor of 'United Canada' that the 'terrible confusion' of the correspondence and negotiation which have transpired between Speaker, Bonar Law and Mr. Chas. M. P. P. of Hamilton, regarding a conspiracy to overthrow the government. The mutiny was delayed because Mr. Bonar Law was not certain whether he would lead a new ministry or in prison. This is the man who has been and his Cabinet of curious men have been offering their incense, genuflecting and doing the honors of a foreigner in the midst of a great country. They are afraid of the country, and perhaps they have reason."

It would be interesting to know what the "terrible confusion" was! Will our United Canada tell us?

WOULD-BE SENATORS.

Interviews are numerous and discussions lively upon the subject of Senatorships. Who are they to be in the middle submitted to the readers of various journals, particularly in Ontario.

Ottawa gossip indicates that Peter Ryan, one of the Registrars of Toronto, is the man who has been suggested as the Roman Catholic representative, and it is also being suggested that Mr. Jerry Bailey, ex-member for East Toronto, be the Protestant.

Not a bad suggestion; as a Grit he will live the part, Mr. Bailey will fill the bill as well as any one.

In connection with this Mr. J. Hanes, contractor, and Plunkett McLean have been mentioned. For either two names there are

in the field a host of defeated candidates, every one of whom believes he claims the best. The names mentioned are—
A. T. Wood, ex-M.P. for Hamilton who has had the promise of a seat in the Senate for years.
Dr. Lunderk, ex-M.P. for Trent, James McMillan, ex-M.P. for North Wellington.
Frank Frost, ex-M.P. for North Leeds.
In addition to these ex-M.P.'s there are—
Mr. Jeffrey, of Toronto.
Mr. Elder Baker, of Markham.
Mr. Carson, editor of the Markham Echo.
Mr. Simpson Reame, of Scarborough.
And scores of others; though among the whole of the names there is not a mention or reference to our friend "Nationalist" (though he says he has in his pocket a piece of the seat from Ministers. It is, however, hinted that there is a "dark horse" in the field; who knows but that it is a "Thorn!"

THE PACIFIC CABLE.

There appears to be no doubt that the great work is now to be proceeded with.

The laying of the contract for the Pacific cable says a contemporary, is the most important step yet taken towards the achievement of an Imperial project, which is the desire of the British Empire. She nominates two out of eight members of the commission of management and guarantee. Five-eighths of the debt of the cable is to be secured for the underwriting. The price agreed upon is \$1,795,000 about \$975,000, which is considerably less than the first estimate. The cable is to be laid by the end of 1902. For the sum named the company undertakes to construct and lay a cable from Vancouver to London, connecting the following points:
Vancouver Island to Panning Island, 5,601 miles.
Panning Island to Fiji, 1,090 miles.
Fiji to Norfolk Island, 961.
Norfolk Island to New Zealand, 537.
New Zealand to Queensland, 834.
The cable will be laid over greater distances and in deeper water than has yet been achieved, but no doubt of its practicability is entertained, the great depth of certain parts of the Pacific being in some ways rather an advantage. In conjunction with this C.P.R. telegraph line across the continent, it will place a single round the world with all the points of connection on British soil.

TIMELY TOPICS.

The Montreal Gazette suggests that there keep alive in the public mind a sense of the correctness of all translations of his speeches. It would save him trouble.

The Ottawa Government claims a majority of 49. It is 20 behind in Ontario and 50 ahead in Quebec. In Ontario the intelligent electors voted against the Government on account of its past maladministration of affairs. In Quebec on account of the creed and nationality of the Premier. Hence the difference in the vote.

The bill before the House of Representatives in Washington as an increase of the U.S. army was only carried on a vote of 160 to 133.

Politics it is said result in strange bed fellows. Joseph of Leybourne Wilson, President of the Licensed Victuallers' Association of Quebec, and the Montreal Witness working together in the recent election, and rejecting together at the result of the success of the ministry which treated the majority of over 13,000 who voted for prohibition, with contempt. The Montreal Witness has recently says a contemporary received a bottle of whiskey as a recognition of its services for the "Laurier Government, and the Licensed Victuallers' Association of Quebec. It did not get a bottle it certainly deserved one.

Impudence and cheek; "A medal has been issued in Paris the feature of which is a bust of Thiers surrounded by the words 'Canada a nation'."

The Toronto Star is urging the city to buy up the Consumers' Gas Company's stock, and declares that if it is not done now the little-known fact that one long the services cannot be manipulated without buying out two companies.

There are seven candidates in the field for Mayor in Ottawa. What?

an alumnus the Mayor's chair must be in that city.

The Globe says Parliament "will meet early in February, or perhaps even in January," and that indications point to the selection of Senator Power as Speaker of the Senate and Mr. Broderick as Speaker of the Commons.

Political Morality: Sir Louis Davies speaking at a public meeting in Charlottetown the other night in support of a Grit candidate, is reported to have said: "Premier Bonar Law's claims and made a deep impression on his colleagues and should be returned by a good speaking together at the result of the success of the ministry which treated the majority of over 13,000 who voted for prohibition, with contempt. The Montreal Witness has recently says a contemporary received a bottle of whiskey as a recognition of its services for the "Laurier Government, and the Licensed Victuallers' Association of Quebec. Where Will They Land?

Ottawa, Dec. 14.—The British Parliament, called the War Office yesterday to arrange for the landing of the troops, under the command of Lord Dufferin, at St. John's, N. B. This was done by the Department at the request of Hon. A. G. Blair. The people of St. John have all along been anxious to have an opportunity of giving a hearty welcome to the troops, and have been pressing upon the Department to get the transports to go to St. John instead of Halifax.

LET THERE BE HARMONY IN THINGS ESSENTIAL—LIBERTY IN THINGS NOT ESSENTIAL—CHARITY IN ALL.

ALL RIGHT IN BISCUITS

But a Poor Medicine.

Common sense is all right in its place, and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for medicine and people who use it as such will soon pay regret for it.

The common use of soda to relieve indigestion and heartburn is a habit which thousands of people practice almost daily, and one which is fraught with danger, soda gives only temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and causes on record where it accumulates in the intestines, causing death by inflammation or peritonitis.

Dr. Harland recommends as the safest and surest cure for sour stomach (acid dyspepsia) the daily use of a small quantity of a certain preparation called Stuart's Dyspepsia Tablets.

These Tablets are large 20 grain lozenges, pleasant to the taste and containing the purest and most effective ingredients necessary to good digestion and which all weak stomachs lack.

Stuart's Dyspepsia Tablets are used regularly after meals digest the food, break up the food, and keep it from becoming a mass of acid and gas.

They are not a cathartic and contain no violent drug but are intended only for stomach diseases and faulty digestion, and are perfectly safe and reliable to the most delicate case.

Stuart's Dyspepsia Tablets are enjoyed and recommended by the medical profession and the general public, and are sold everywhere in the United States, Canada and Great Britain.

PROPOSED

City Council Olive First Reading to an

Important Bylaw.

The Establishment of the King Shit

Company Here will be Doubtless

Accomplished.

A special meeting of the City Coun-

cil was held last evening at which

the following members were present:

Mayor Johnson, Aldermen Baggett,

Clark, Clarke, Deane, Grille, Har-

vey, Meier, and Sinclair.

The Mayor in opening the proceed-

ings said he had been requested by the

members of the King Shit Com-

pany, to call a special meeting of the

Council to consider and have the

first reading of a by-law in regard to

the proposed new industry to be es-

tablished here.

Ald. Baggett said he had a copy of

the proposed by-law and he moved

that the Council proceed to the 7th

order of business, the introduction of

by-laws. This motion prevailed and

the by-law was read by the Clerk.

It takes for a license from the city

in the way of exemption from taxation

for a period of ten years upon the

building known at present as the Com-

mercial Hotel, where it is proposed

to start the industry. They guaran-

teed to start with at least 50 hands

and to run 10 months of the year.

They guaranteed to maintain the

building in good repair each year and

the wages paid out would be \$14,000

per annum exclusive of the salaries

of officials of the company. The pro-

posed was that the by-law be ap-

proved at the municipal election, and

that operations would be commenced

within 6 months after passing of the

by-law. The Council went into com-

mittee of the whole on the by-law.

Ald. Clarke in the chair.

The by-law was read clause by

clause and adopted without much

discussion.

It proposed to organize a Joint

Shit Company with a capital of \$100,

000, to be known as the King Shit

Company, Limited.

Ald. Grille asked what the amount

of taxes was received by the city upon

the proposed building to be.

Mayor Johnson said he was not

sure, but he thought it was about

\$75 per year for taxes.

The question of a limited time for

running down for revenue was con-

sidered. Ald. Meier thought a limit

should be named, and moved that

it be one month.

Ald. Clarke, in answer, who ap-

peared for the company, and in case of

a longer time would certainly be

incorporated.

Ald. Parker said a definite time

should be fixed and he considered two

months for repairs would be a con-

siderable length of time.

The Mayor said that a clause be

inserted so as to read that immediate

steps be taken to remedy any defect

in the building.

Ald. Grille thought the Mayor's

amendment was right.

A vote being taken the Mayor's pro-

posal was accepted.

The by-law was then read and

it was adopted by a vote of 10 to 2.

The Mayor said he was not

sure, but he thought it was about

\$75 per year for taxes.

The question of a limited time for

running down for revenue was con-

sidered. Ald. Meier thought a limit

Particulars of the Accident.

A distressing and painful accident

occurred on the line of the Grand

Trunk railway in this city this morn-

ing, whereby two men were maimed

that they escaped with their lives.

The particulars of the accident are

as gathered from a reliable source,

as follows:

At an early hour this morning two

cars of a west-bound freight train

jumped the track at the east end of

the yard at Trenton. In consequence

of this mishap the track was blocked

for some time. The auxiliary from

Belleville was dispatched as quickly

as possible to the scene of the wreck.

In the meantime, Ex. 3 express, due

in Belleville at 8 a.m., arrived and

was detained here for over an hour,

the line not being clear, for had not

yet been cleared up. It was not until

about 10:30 a.m. that the train was

allowed to proceed. At a few minutes

after 10 o'clock the express proceeded

and was given the right of way over

the freight train, which is used only

for down trains, except in cases of emer-

gency, as in the present case. This

order was owing to the south track

at Trenton still being blocked.

Just previous to the express

leaving the station, Messrs. Walter

Childs and Lewis Cook, two employ-

ees of the road, who had been working

all night, the former in the machine

shop, and the latter in the coal yard,

left for their home, proceeding along

the track westward. Cook, being

aware of the accident, walked along

the north track, and when upon the

bridge which spans the Moira, were

run down by the westbound express.

The morning being exceedingly cold

and very much about in a driving

disorder. Upon ordinary circum-

stances, and times they were upon the

freight train, as they were in the

habit of being and out from behind.

The men apparently had no

intimation of the approaching train

and did not hear it. When about

half way across the bridge, the

train arrived and the two unfortunate

men were struck and thrown from

the bridge. The men were not

informed of the accident. It is

estimated that more than one wheel

passed over their limbs.

The injuries to Mr. Childs

were of a serious nature. He was

struck on the left arm, which was

broken, and the right arm was

also broken. He was also struck

on the head, and the skull was

fractured. He was also struck

on the chest, and the lungs were

DeWet Was Repulsed Twice Before

He Succeeded in Breaking Through the

British Lines.

(Special to The Intelligence)

Munster, Dec. 17.—(Cont.)

The British forces, after severe fighting,

broke through the British command

at Thaba Nchu. Other bodies at

tempting to get north were repulsed.

It appears that DeWet's force was

broken up before it broke through

the British lines in the neighborhood

of Thaba Nchu.

In the third attack DeWet led his

troops, with a few determined men

charged and broke the British lines

at the foot of the commando following.

He was forced, however, to leave in

the hands of the British a fifteen-

man and 15 wagons with ammuni-

tion, and stores.

Commander Handberg, with a

commando and two guns, tried to get

through Springfontein Nek, but was

driven back with a loss of 40 men.

BROKE THROUGH THE ICE

MR. CASEY BROKE HIS BACK

By Falling from a Load of Straw on

Friday Last—Fatal Result Looked

For.

On Friday last Mr. James H. Casey,

a well-known yeoman residing in the

8th constituency of Thurston, met with

an accident which will no doubt result

fatally.

On the day in question Mr. Casey

was attempting to draw some straw

from one portion of the farm to another,

and was riding on top of a cart when

he accidentally fell off.

He landed on the ground in such a

manner as to break his back and to

injure other injuries.

It was reported at first that the

unfortunate man was seriously injured,

and as quickly as possible he was

conveyed to the house and medical aid

summoned. That could be done to

alleviate his suffering, but the medical

men did, but that the man would

succumb to his injuries was a fairly

certain thing. He was, however, in

a much worse way than he appeared

at first.

Mr. Casey was a man well advanced

in years and has resided in Thurston

for a long period. He is well known

as a much sympathy in the district.

In the misfortune which has overtaken

him.

TROUBLES OF AN ORPHAN.

An Unfortunate Child Without Home or

Friend.

The police on Saturday received in-

formation that a young girl was being

kept in a house in the city and that

she was well and as the keeper of the

house does not bear a very good re-

putation, it was deemed proper to re-

lease her. An officer in company with a

gentleman visited the place in ques-

tion on Saturday night, but the girl

could not be found there. She was,

however, found later in the evening

and placed in the hands of the police.

The unfortunate girl is in an or-

phan and has no friends in this sec-

tion of the country.

Daily Intelligence.
THE JAPANESE CAN VOTE.

The question of the right, constitutionally of the Province of British Columbia to place a law disfranchising the Japanese, though they had been understood under the provisions of the Dominion Statute, was tested in the course of that province, and a decision rendered by Chief Justice McCall, that the law of that character was ultra vires. In giving his decision the Chief Justice said:

"Whatever may be the object of the existing Naturalization Act, it is so far as it relates to British Columbia, the recognition of the rights of large numbers of persons of Japanese descent, but disallowed to possess the franchise, and in the possession of legislation affecting their property and rights, would surely not be to the advantage of Canada, and might even become a source of national danger."

"An act from considerations having regard to the authority of the Dominion Parliament, and the fact that under the control of the Provincial Legislature, to the same extent, as to the British subject, is the only restriction upon the legislative power of any province to be disallowed."

"But the view does not prevail with the Judicial Committee of the Privy Council, the effect of which is to understand it as if it were a law which would have no force in any legislation whatever which does not in terms of law apply to the Japanese."

"It is not likely the case will end here, but will be appealed to the higher courts. If the Province has the right under the constitution to pass a law depriving a particular subject, though a Japanese, of the right to vote, it will not have the same right to extend the provisions of the laws to the immigrants from any other country."

The Vancouver World in commenting upon this decision, says:

"This decision relative to the status of the naturalized Japanese, who are at present residents in the province, in the matter of their being entitled to all privileges and advantages enjoyed by British born subjects, is important. The result will, unless the ruling is reversed, be far-reaching in its consequences, as it is unconstitutional to declare a naturalized Japanese from exercising the right of every British subject of the franchise—what is known as the native-born Chinese in, and where do they stand in the matter of voting at either provincial or federal elections?"

The question is an important one, and suggests the answer, that it would be in contravention of the very genius and spirit of the British constitution to treat one portion of Her Majesty's natural born subjects differently from that of another. The program of this case will be watched with interest.

TIMELY TOPICS.

The letter of A. D. Sinclair, in another column, has a strong undercurrent of common sense. Providing the present Water Commissioners, Messrs. Afford and Aylesworth, are elected to serve again, they should be elected by acclamation, and on several very good reasons, perhaps the best of which is that A. D. Sinclair's honest saying: "Never again let us have a 'stream' of Waterworks department in rather an unsettled state at present. To change the Commissioners now, when the affairs of the department require very careful handling, would be a grave mistake. Messrs. Afford and Aylesworth are the right men in the right place; the best thing to do is to keep them there."

Is there any other country in the world that would tolerate lawless actions of its subjects as do the English? Dublin and Limerick have granted the honor of freedom to their cities to Kruger, the tyrant who has been the means of sending to their graves thousands of Irish men. Then again, "At the recent opening of the Cork Asylum, it was declared that in Munster there were 187 persons under police guard, to protect them from the violence of neighbors who did not agree with them, while 80 farms were abandoned owing to destruction of the landlady by the old tenants and the inability of the farmer to get new men to take the land. The new organization of which Mr. William O'Brien is the leading spirit has a good start in the way of making trouble for the police and the landlady. Liberty of speech and liberty of action in all matters is one thing, but treason and the encouragement of lawlessness on the part of the people is another."

A CHRISTMAS IDYL.
Don't question if it's right or wrong. Or that she is weak and you are strong. Or if there's anything to be said. But let her be straightaway on the spot. And don't be too particular about the spot, either."

"Are you going to run again?" said the Intelligence to one of this year's Council.
"I don't know," was the reply.
"That the Council for 1901 was the best Belleville ever had! Am I going to run again? Why, we're all going to be elected by the people, and we'll be walked off, leaving the newspaper man rooted to the spot."

The Kingston Whig is out in favor of a tax on bachelors. The poor, dear, Kingston girls always find a champion in the Whig.

A Kingston brewer disfigured his shoulder the other day. Then he went to the hospital in the beer, no doubt.

There's one good thing about Kitchener, anyway, he never "regrets to report." He just plans the next move. He just plans the next move. He just plans the next move.

A correspondent asks, "Say, if it's a fair question, how long do you think it would take the steam roller to haul the cannon down to the water?" Probably about twice as long as it does to start the city clock after a snow storm.

A Toronto clergyman having charged from the pulpit one of his congregation with being guilty of civic corruption, the vicarage in his own and in effect said the clergyman was telling lies. It is well that such a quibble should be denounced from the pulpit, but the clergyman should know his ground before treading thereon, or he will do the cause he desires to reform more harm than good.

Forty-five petitions have been entered against the return of members to the House of Commons at the last election. In 1896, sixty-two petitions were entered. Now is the time to witness a new record.

Lord Strathcona's inaugural speech as lord rector of Aberdeen University concluded with an offer to contribute £25,000, conditional upon £30,000 additional being raised, to wipe out the debt of the institution. The Aberdeen board have been touched with such a stroke of eloquence.

It is rumored, says a contemporary, that the Conservatives in the Quebec legislature will resign when the assembly meets, and thus leave it to an exclusively Liberal party. They wouldn't do that; they should remain, if it is only to watch them.

Mr. Tarte, says the Hamilton Herald, mills against the "Irish bishops," and Mr. Tarte's distinguished competitor and supporter, Ernest Paquet, mills against General O'Grady-Hilly. Really, French Canadian statesmen and journalists seem to have sworn off of Irish.

Peter's jubilee during the recent Pope's palace amounted to no less than \$1,500,000 or \$200,000. Another illustration that if you take care of the pennies "the pounds will take care of themselves."

Liberalism who do not believe in it, can support the Conservative policy, why can't Conservatives, who do believe in it, do it better and more honestly?

This Don De Wet must have had experience with collectors, judging from his letter.

HIGH SCHOOL

CO-EDUCATION

Was Much Merely Disorderly Conduct of Boys in the Gallery.

A Pleading Programme. List of Successful Pupils.

The Opera House last evening was filled from pit to gallery, and more than a hundred, the occasion being the annual Commencement Exercises in connection with the High School.

While the programme was being rendered there was considerable confusion, caused by a large number of boys who occupied seats in the gallery, and whose conduct was such that it interfered with the programme.

It is to be hoped that the boys will be called to order in the future.

On account of the unavoidable absence of Rev. Mr. W. Macdonald, Chairman of the Board of Education, who was to preside, the exercises were presided over by Mr. W. P. Hudson.

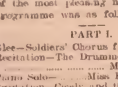

The programme as presented was well carried out the various messes well taking part in the exercises.

At the close of the exercises the boys of the school were called to order.

NICE BABY.

All babies are "nice," to their mothers.

We all love them. Great big men, with hard hands, have soft hearts for helpless new-comers to earth with the smile of heaven fresh on their innocent faces.

No man is too high or low, too proud or humble, too busy or idle, too good or bad, too great or small—except a few very small men—to throw up their hats at the sight of a plump little cherub; or to pity a thin one.

Plumpness and thinness are accidents. Nature is bountiful; parents want to see Scott's emulsion of cod-liver oil correct their mistakes.

Will you give a little to help the SCOTT'S EMULSION, Canada, Toronto.

Serving the Dinner.

It is not good style to place the dinner
plates before the carrier's plate and pass
them from thence. A plate should be
put at every place. The maid then takes
the plate from the carver and hands it to
the person, taking the plate at his place
back to the carver. If there is no
waitress, the full plate is passed to the
place plate returned to the hand to hand.
